COMPILATION OF STATE DATA FOR EIGHT SELECTED TOXIC SUBSTANCES

VOLUME II. DIRECTORY OF STATE TOXIC SUBSTANCES MONITORING AGENCIES

MITRE CORPORATION

PREPARED FOR
ENVIRONMENTAL PROTECTION AGENCY

SEPTEMBER 1975

KEEP UP TO DATE

Between the time you ordered this report—which is only one of the hundreds of thousands in the NTIS information collection available to you—and the time you are reading this message, several *new* reports relevant to your interests probably have entered the collection.

Subscribe to the **Weekly Government Abstracts** series that will bring you summaries of new reports *as soon as they are received by NTIS* from the originators of the research. The WGA's are an NTIS weekly newsletter service covering the most recent research findings in 25 areas of industrial, technological, and sociological interest—invaluable information for executives and professionals who must keep up to date.

The executive and professional information service provided by NTIS in the **Weekly Government Abstracts** newsletters will give you thorough and comprehensive coverage of government-conducted or sponsored research activities. And you'll get this important information within two weeks of the time it's released by originating agencies.

WGA newsletters are computer produced and electronically photocomposed to slash the time gap between the release of a report and its availability. You can learn about technical innovations immediately—and use them in the most meaningful and productive ways possible for your organization. Please request NTIS-PR-205/PCW for more information.

The weekly newsletter series will keep you current. But *learn what you have missed in the past* by ordering a computer **NTISearch** of all the research reports in your area of interest, dating as far back as 1964, if you wish. Please request NTIS-PR-186/PCN for more information.

Keep Up To Date With SRIM

SRIM (Selected Research in Microfiche) provides you with regular, automatic distribution of the complete texts of NTIS research reports *only* in the subject areas you select. SRIM covers almost all Government research reports by subject area and/or the originating Federal or local government agency. You may subscribe by any category or subcategory of our WGA **(Weekly Government Abstracts)** or **Government Reports Announcements and Index** categories, or to the reports issued by a particular agency such as the Department of Defense, Federal Energy Administration, or Environmental Protection Agency. Other options that will give you greater selectivity are available on request.

The cost of SRIM service is only 45¢ domestic (60¢ foreign) for each complete microfiched report. Your SRIM service begins as soon as your order is received and processed and you will receive biweekly shipments thereafter. If you wish, your service will be backdated to furnish you microfiche of reports issued earlier.

Because of contractual arrangements with several Special Technology Groups, not all NTIS reports are distributed in the SRIM program. You will receive a notice in your microfiche shipments identifying the exceptionally priced reports not available through SRIM.

A deposit account with NTIS is required before this service can be initiated. If you have specific questions concerning this service, please call (703) 451-1558, or write NTIS, attention SRIM Product Manager.

16. ABSTRACT

In June 1974 the Office of Toxic Substances, EPA, contracted with MITRE to collect and analyze toxic substances data in the U.S. In the next 14 months MITRE contacted agencies in 20 key states and collected and analyzed their monitoring data. This appendix is a listing of key points-of-contact, phone numbers, agencies, and addresses, for each agency in the 20 states contacted which monitored toxic substances.

INTRODUCTION

The MITRE Corporation performed a study for the Environmental Protection Agency entitled Collection of Data and Data Analysis for Toxic Substances. The objectives of the study were to contact as many state agencies as resources allowed; acquire available toxic substances data; process and analyze the data; and report on the capabilities of agencies for toxic substances monitoring and the availability, nature and usefulness of their data.

During the course of the contract, relevant state and local agencies were contacted in 20 key states to determine the extent and nature of their environmental toxic substances monitoring and to acquire their data. As a result of these contacts, a list of agency names and addresses, telephone numbers, and key points-of-contact was generated. Because such a listing could be of potential value to a variety of users such as: Federal, state, and local governmental agencies; universities; industry; and other organizations and institutions; MITRE agreed to compile and publish this directory as a supporting volume to the project final report. The volumes comprising the final report are the following:

- Volume I: Collection and Analysis of Toxic Substances Data from State Agencies - Final Report
- Volume II: Directory of State Toxic Substances Monitoring Agencies

- Volume III: State Data and Information Sources Used in the Course of the Study - An Annotated Bibliography
- Volume IV: Compilation of the Summaries and Analyses of State Data
- Volume V: Monitoring Program Capability Descriptor Tables.

The information provided in this volume for the 20 states contacted is current as of July 1975.

CALIFORNIA AGENCY CONTACTS

A. State Agency Contacts

1. Air Resources Board

- Dean Simeroth (916) 322-6026
  1025 P Street
  Sacramento, California 95814

2. Department of Agriculture
   Chemistry Laboratory

- Fred Delano (916) 44503196
  1220 N. Street
  Sacramento, California 95814

3. Department of Fish and Game
   Environmental Services Branch

- Richard Hansen (916) 351-0620
  1416 9th Street
  Sacramento, California 95814

4. Department of Public Health
   Bureau of Sanitary Engineering

- Clarence Young (415) 843-7900, Ext 413
  2151 Berkeley Way
  Berkeley, California 94704

5. Department of Public Health
   Environmental Health Division

- Dr. Ephriam Kahn (415) 445-4711
  2151 Berkeley Way
  Berkeley, California 94704

6. Department of Public Health
   Food and Drug Division

- Joe Thom (415) 445-4711
  2151 Berkeley Way
  Berkeley, California 94704

7. Department of Water Resources

- Edwin Ritchie (916) 445-6582
  1416 9th Street
  Sacramento, California 95814

8. Water Resources Control Board

- Robert MacDonald (916) 445-7314
  1416 9th Street
  Sacramento, California 95814

B. Other Contacts

1. Monterey Valley Environmental Monitoring Pilot Project

- Dr. Richard Burau (916) 752-0194
  University of California
  Department of Environment Toxicology
  Davis, California 95616

2. Scripps Institution of Oceanography

- Dr. T. J. Chow (714) 452-2046
  Scripps Institution of Oceanography
  La Jolla, California 92037

COLORADO AGENCY CONTACTS

A. State Agency Contacts

1. Air Pollution Control Division

- Todd Reynolds, Data Analysis (303) 388-6111,Ext. 293
  4210 E. 11th Avenue
  Denver, Colorado 80220

2. Engineering and Sanitation Division

- George Prince (303) 388-6111
  4210 E. 11th Avenue
  Denver, Colorado 80220

3. Milk, Food, and Drug Division

- Ann Wislocki, Data Analysis (303) 388-6111
  4210 E. 11th Avenue
  Denver, Colorado 80220

4. Office of Environmental Health

- Robert Siek, Director (303) 388-6111
  4210 E. 11th Avenue
  Denver, Colorado 80220

5. Water Quality Control Division

- Harold Olson, Chemist (303) 388-6111
  4210 E. 11th Avenue
  Denver, Colorado 80220

B. Denver City/County

1. Denver Board of Water Commissioners

- J. C. Dice, Quality Control (303) 222-5511
  144 West Colfax
  Denver, Colorado 80202

2. Division of Environmental Health

- Tom Peabody, Director (303) 893-7614
  659 Cherokee, Unit No. 4
  Denver, Colorado 80204

CONNECTICUT AGENCY CONTACTS

A. State Agency Contacts

1. Agricultural Experiment Station
   Analytical Chemistry Section

- Gordon Hanna (203) 787-7421)
  Agricultural Experiment Station
  New Haven, Connecticut 06504

2. Agricultural Experiment Station
